Antología.
MIGUEL TORRES
Desde 1878

Year vines planted: 1990-1996

Surface area: 32 ha/79 acres

Elevation: 445 - 470 m

Slope: 0-10%

Orientation: N - NE - NW

Yield: 4.000 - 5.000 Kg/ha

Soil:

Deep rocky soils with layered deposits of Paleozoic slate and granite gravel beds. Swift drainage and low water holding capacity. The mineral-rich soils and limited water supply contribute to the production of wines that display great typicity, concentration and exceptional quality.

Precipitation:

Annual average (historical): 637 mm

Annual total (current vintage): 430 mm

Temperature:

Annual average (historical): 14,2°C

Annual average (current vintage): 14.1°C

Estate of origin: Grans Muralles

Location: Poblet, Conca de Barberà

Story: This wine takes its name from the walls that protected the monastery at Poblet during the Mercenary Wars. The unmistakable identity of Grans Muralles is thanks to the stony, slate ground (Licorella) of the region, and the grape varieties believed to be extinct, such as Garró and Querol, using modern viticultural techniques. Together with Cariñena and Monastrell they create the unique spirit of this wine.
