## TECHNICAL DATA

Alcohol level: 13% vol.

pH: 3.09

Total acidity: 5.7 g/L (tartari a.)

Residual sugar: 0.8 g/L

Allergy advice: Contains sulfites

Stored under the right conditions, the wine will hold its potential for the next: 2-3 years

## AVAILABLE FORMATS

75 cl

## TASTING NOTES

Bright pale yellow colour. Crisp, delicate aroma with grapefruit citrus notes. Flavourful, very clean on the palate, framed by a touch of fine, refreshing fruit acidity.

## SERVING SUGGESTIONS

Highly recommended with hors d'oeuvre and rice dishes. An excellent match for fish, especially halibut or swordfish with a vegetable garnish, it also pairs perfectly with recipes featuring fresh herbs like basil or parsley. Serve at 8–10°C.

## LEGACY

Centuries of winegrowing coexist with the chance to learn, day after day. The vineyards in the heart of Penedès are a place to discover deeply rooted varieties. Amid farmhouses, castles, and ancestral homes, lies a land marked by countless cultures, where we repeat a yearly pact both ancient and new: a dialogue with the nature around us. The spirit of Vinyarets, the magic of our origins.

## AWARDS

· 90 points, 100% Blind Tasted - Andreas Larsson 2021 (France)

## TERROIR

### Soil

Our Vinyarets wine is made from grapes grown in calcareous clay soils in different areas of the Penedès region.

### Weather conditions

In the Penedès region, 2020 was a very rainy year, especially during the growth season, with persistent and abundant rainfall throughout the spring. By contrast, the summer saw hardly any precipitation at all. In terms of temperature, the year could be considered normal. Even though the growth season got off to a cold start, conditions shifted in February, which was warm and brought budbreak forward. During the summer months, temperatures were high.

### Precipitation

Annual average (historical): 575.8 mm

Annual total (current vintage): 707.1 mm

### Temperature

Annual average (historical): 14.9°C

Annual average (current vintage): 15.3°C
