Residual sugar: 0.5 g/L

Allergy advice: Contains sulfites

Stored under the right conditions, the wine will hold its potential for the next: 5 years

AVAILABLE FORMATS

75 cl

TASTING NOTES

Bright ruby red with purple highlights. Fine floral (confected rose) aroma with exquisite fruit notes (pomegranate, raspberry) and a hint of sweetness reminiscent of ripe dates. Flavourful and very pleasant on the palate, with remarkable persistence that comes as a lovely surprise in a wine built on smoothness, grace, and elegance. Enticing.

SERVING SUGGESTIONS

A versatile wine that pairs perfectly with all kinds of appetizers and main courses. It goes particularly well with light dishes, charcuterie, tuna, carpaccio, and tapas, as well as pasta and risotto. Serve at 14–16°C.

LEGACY

Centuries of winegrowing coexist with the chance to learn, day after day. The vineyards in the heart of Penedès are a place to discover deeply rooted varieties. Amid farmhouses, castles, and ancestral homes, lies a land marked by countless cultures, where we repeat a yearly pact both ancient and new: a dialogue with the nature around us. The spirit of Vinyarets, the magic of our origins.

VINYARETS

VI ECOLÒGIC / ORGANIC WINE

TERROIR

Soil

Our Vinyarets wine is made from grapes grown in different areas with calcareous clay soils in the Penedès region.

Weather conditions

In the Penedès region, 2020 was a very rainy year, especially during the growth season, with persistent and abundant rainfall throughout the spring. By contrast, the summer saw hardly any precipitation at all. In terms of temperature, the year could be considered normal. Even though the growth season got off to a cold start, conditions shifted in February, which was warm and brought budbreak forward. During the summer months, temperatures were high.

Precipitation

Annual total (current vintage): 639.6 mm

Temperature

Annual average (current vintage): 15.3°C
