Allergy advice: Contains sulfites

Stored under the right conditions, the wine will hold its potential for the next: 7-10 years

AVAILABLE FORMATS

300 cl, 150 cl and 75 cl

TASTING NOTES

Cherry colour, well-covered. Delightful on the nose, expressive and rich in fruity aromas (cherry jam), with a background of dried fruit (prunes) and toasted notes (torrefacto coffee, cocoa). On the palate, it is flavourful and powerful, with tannins that can still be refined in the bottle over the coming years.

SERVING SUGGESTIONS

With smooth tannic and fruity characteristics, it is the ideal accompaniment to a wide variety of meat and game dishes, whether grilled or roasted, as well as roasted vegetables. It pairs particularly well with roasted suckling lamb. Serve between 14-16°C.

LEGACY

At 895 metres above sea level, where the vineyards and the sky establish a magical connection, Celeste is born. A wine that treasures the freshness, the emotion, and the intensity of a starry night.

AWARDS

CELESTE

RESERVA

TERROIR

Soil

Selection of old vineyards situated on slopes with predominantly calcareous soils and medium textures.

Weather conditions

The year 2021 was a normal year in terms of rainfall, but with a dry summer. It is worth noting that at the beginning of the year, the storm Filomena brought abundant snowfall and a period of intense frosts. Regarding temperatures, February was warmer than usual, as was August, but the rest of the year was within the normal range.

Precipitation

Annual average (historical): 413 mm

Annual total (current vintage): 386.4 mm

Temperature

Annual average (historical): 11.8°C

Annual average (current vintage): 12.1°C
